from the Secretary Govt Coorg
with the Govt of Mysore

In Govt Prop No 17078-2 L 7 55 98 of the 21st April 1902 Sanction was accorded to the entertainment of two female students for being trained as Hospital Assistants and it was also laid down that the candidates selected must possess a fair knowledge of Kannada The Senior Surgeon was requested to select two students who intended

satisfy thes condition &
submit their names for
the formal sanction
of Govt

2 With reference to the
above order the Sr Surgn
now submits the following
two names for sanction

1 Miss L Isaacs (Eurasian)
2 Mrs Jacobs (Native Christian)

3 The latter can read
and write Kannada
The former is reported
to be unacquainted
with Kannada Such
language, the Sr Surgn
says, she would learn
very soon

4 May sanction be
accorded to the entertainment of these two
Students — The Presidents asked to point out the
from which the change can be effected
5 Miss Isaacs will be
entertained from 1st July'02

The Dewan through the 2nd Counsellor

I am thankful to the Dewan for the enquiry ordered & to the Secretary for the trouble taken. This does not seem to be a fit case for the grant of a scholarship - Husband of. Seeking a reply of the kind proposed I would advocate saying "Govt. regret - their inability to sanction the proposal" - This might perhaps seem curt but I am agreeable to the order as the Dewan may be disposed

No 5992

Dated 11th June 1901

Sir,

I have the honor to report to Government that Female Hospital Assistants are very much required in the Medical Department and that they are difficult to procure Two apparently very eligible young women now apply to the Mysore Government for scholarships to be trained at the Medical College Madras as Hospital Assistants, & I request Government will be pleased to sanction their scholarships over and above the 12 males annual sent to Madras by Government for training I suggest a scholarship of Rs 15/- per month as well as the usual allowance of books be granted to male Scholars

2 In G O No 1422-3/Mis 210 dated 27th Jul 1896 the entertainment of three Female Hospital Assistants was sanctioned They have not however been entertained, simply because they cannot be got hence my request now to Government to train the above two young women for the service of Government They will give a guarantee to serve Mysore Government for a period of at least 7 years (should they live so long) after date of qualification)

Execution of Security bonds by Medical Students who receive medical instruction either wholly or in part at the expense of the State

G O dated 18th April 1891 Nos 309 10 Public

Read the following papers -

From C J Lyall Esq C I E Secretary to the Government of India Home Department (Medical) to the Chief Secretary to the Government of Madras dated Calcutta 10th March 1891 No 1-114 Medical

As some difficulty has been experienced in consequence of the refusal to enter Government service of students who have received medical instruction either wholly or in part at the expense of the State on the condition of their entering Government service after qualifying as Assistant Surgeons or Hospital Assistants I am directed to enquire whether it is the practice in the Madras Presidency to execute security bonds with such students or in the case of minors with their lawful guardians on their behalf at the commencement of their course of study binding them in the event of their being successful in qualifying for that branch of the Subordinate Medical Service for which they intend to study to serve the Government for a definite period

2 The Governor-General in Council is of opinion that if this is not already done an agreement to the above effect should be taken from students whose education at a medical institution is aided by Government at the beginning of their career at that institution as it would obviously be too late to attempt to enforce service after the completion of their course of study

3 If an agreement such as that referred to is usually taken I am to request that a copy of the form prescribed in the Madras Presidency may with the permission of His Excellency the Governor in Council be forwarded for the information of the Government of India

From W F DeLabeck, Esq , M D , Surgeon-General with the Gov -ment of Madras, to the Chief Secretary to Government, dated Madura, 25th March 1891, No 256

With reference to the Government of India letter referred to me for report under your endorsement, dated the 23rd instant, here -with returned, I have the honor to state that up to 1869 it was the practice in this Presidency to call upon all students who received their medical instruction at the expense of the State to e cute security bonds at the commencement of their course of study binding them, in the event of their passing out from the Medical College, to serve Government for a period of 7 years In the case of such students as were minors, their lawful guardians were required to jointly execute the bonds in their behalf A copy of the form is enclosed for the information of Government

2 After the promulgation, however, of the resolution of the - - Government of India, in the Home Department, embodied in G O No 263, Public, of 15th March 1889, the above practice was done away with, and the students were required to execute the bonds after completing their course of medical education as is the case in the Military Department (vide G O No 1005, Public, dated 7th December 1889) The form of the bond was also revised (vide copy printed in the Govern- -ment Order), and the period of service under Government reduced from 7 to 5 years

Paragraphs 264 and 301, India Army Regulations, Vol VI, Medical

3 Under the old system, the possibility of students refusing to enter Government service after passing out was wisely guarded against, and I am glad that the Government of India has ordered a revision to the old procedure Under this order it will be necessary to call upon the several Civil students who have been recruited since 1889 to execute their bonds at once, and I shall, therefore, request the order of Government if the old form might be used, changing, of course, the period of service from 7 to 5 years, or whether it is in contemplation to propose a revised form

Letter-to the Secretary to the Government of India Home Department dated Ootacamund 18th April 1891 No 310 Public

I am directed to acknowledge the receipt of your letter No 1-114 Medical dated 16th March 1891 inquiring whether it is the practice in the Presidency to execute security bonds with students who receive medical instruction at the expense of the State or in the case of minors with their lawful guardians on their behalf at the commencement of their course of study binding them in the event of their being successful in qualifying for that branch of the Subordinate Medical Service for which they intend to study to serve the Government for a definite period In reply I am directed to state that up to the end of 1889 it was the practice in this Presidency to execute such bonds in the form of which a copy is annexed binding the students to serve Government for a period of 7 years Since the promulgation however of Home Department Resolution No 2-103-144 dated 5th March 1889 these bonds have been executed at the completion instead of at the commencement of the course of medical education and the form adopted has been that circulated with the above resolution under which the period of service has been fixed at 5 years

2 His Excellency the Governor in Council would I am to say welcome a return to the practice formerly existing in this Presidency and as it will be necessary if this change is made to call upon the several Civil students recruited since 1889 to execute their bonds at once I am to request the favour of early orders in the matter

Extract from the Proceedings of the Government of India in the Home Department (Medical) under date Simla the 12th October 1891 No 7 Medical 668-679

Resolution - From the replies of Local Governments and Administrations

Administrations read in the preamble, it appears that the practice differs in different Provinces in the matter of requiring students who receive medical instruction wholly or in part at the expense of the State to bind themselves at the commencement of their cour of study to enter Government service for a definite period in the event of their being successful in qualifying as Assistant Surgeons or Hospital Assistants, as the case may be The Governor-General in Council is of opinion that the practice should be uniform in all Provinces, and that a bond should be demanded in respect of all such students at the time when they commence their professional studies His Excellency in Council is pleased to direct that this should always be done in future, and that, instead of taking a bond from the students themselves, which would generally be worthless, the paren or guardian, or a friend of the student, should be required in eacl case to give security-

(1) that the scholarship-holder or assisted student will com--plete his course of study

(2) that he will at the end of hi course execute, if required to enter Government employment, the fo m of agreement for Assistant Surgeons or Hospital Assistants, as the case may be

The amount that should be recoverable under the security bond in the event of a student relinquishing his studies before taking his diploma, or of his refusing to enter Government service after he has taken it, should be the amount spent by Government on his professional education at the time when he relinquishes his studies or at the time when he refuses to enter Government service, as the case may be His Excellency in Council leaves it to Local Governments and Administrations to prescribe the form of the security bond to be taken

2 As regards the agreement to be taken from students about to enter Government service, the Governor-General in Council considers that the form of bond prescribed in Home Department Resolution, No 2-133-144, dated the 5th March 1869, for Hospital Assistants should be maintained unaltered in their case, and is pleased to direct that it shall also be adopted in the case of Assistant Surgeons hereafter appointed to the public service subject to the following modifications -

(a) That the penalty [redacted] for any default or breach of its provisions shall be Rs 500, and

(b)

(b) That the following clause be omitted -

and shall also when required so to do and in the event of necessity arising serve on military du and while engaged on such military duty will strictly conform to and obey and observe all orders and regulations prescribed for his condu

In reply to ir Lewis letter o 610 dated the 18th April last I am directed to say that there is no objectio if the adras Government think it necessary to do so to ca -ing upon the Civil edical students in the adras Presidency recruited since 1889 who are being educated wholly or in part at the expense of the State to execute security bonds binding them in the event of their being successful in quali -fying for that branch of the ubordinate edical Service for which they intend to study to serve the overnment for a definite period I am to invite attention to the Home epartment esolution marginally noted from which it will b seen that the precise form of the bond to be taken has been left to the discretion of ocal Governments and Administra-tions so long as the lines laid down in paragraph 1 of the esolution are followed generally

Order here on

Observed that no female students were entertained as per orders contained in Proceedings No 14-2-3/20 dated 27 July 1896 simply because they could not be got and the proposal to train young women as Hospital Assistants appears good But the rate of Scholarships proposed viz Rs 15 a month appears high the rates allowed to male students being only Rs 9 a month in the 1st year and Rs 10 in the 2nd & 3rd years

consider that the enter
tainment of 2 female
students is sufficient
the present that they
could be allowed Scholar
ships at the rate of Rs 12
months for the 1st year
and Rs 15 for the 2 3 &
4th years and that the
candidates ~~to be~~ selected
must possess a good
knowledge of Kannada,
the language of the
country, without which
the usefulness of these
medical practitioners
would be comparatively
small He Senior Surgeon
is therefore requested to

No 5491
Dated 2nd June 1902
Sir,

With reference to Government Order No 17028-E/L R 55-98 of 21-4-02, I have the honor to request the formal sanction of Government to the entertainment of the 2 Girl students viz Miss L Isaacs and Mrs Jacobs, the former a Eurasian unacquainted with Canarese which language she would very soon learn and the latter a Native Christian knowing canarese both to read and write Miss L Isaacs may be granted the scholarship of Rs 12/- from 1st July 1902 as a pre-collegiate student

Mrs Jacobs who is now a volunteer pupil in the Victoria Hospital undergoing her pre-collegiate course without stipend along with other stipended male students may be allowed to join the Medical College from 1st July next on condition of producing a certificate from the Surgeon in charge to the effect that she has completed her pre-collegiate course and fit to be sent to Madras from July next for her collegiate course in which case I would recommend that she be given at Rs 12/-

per annum from the date of the Government order above refer-
to and at Rs 15/- during the period of her 3 years collegiate
course

As regards the cost of scholarship school fees etc
would invite the favour of kind attention of Government to

Highly Honoured Sir.

Being given to understand that a few hands are being selected every year for being trained as Lady Hospital Assistants, I beg to offer myself as a candidate for one of them

As for my qualifications I beg to submit that I have passed the following Examinations -

Madras Primary Examination held in the year 1894

Mysore Lower Secondary Examination held in the year 1898, (Canarese)

Mysore Lower Secondary Examination (English) held in the year 1899

I beg also to submit for your very kind consideration that I was preparing myself to go up for the Matriculation Examination (having studied 2 years after passing the L S Exm) but ~~~ want of funds stood in the way of attaining my object

Under these circumstances I respectfully beg your
